Emerson Hancock, as of 2026-09-27: state-space estimates from games to that date. Comps: nearest on 6 equally weighted groups (shape, angle residuals, delivery, location, consistency, usage), none dated after 2026-09-27; comps fit = their median distance vs. all rows of the type (close < 50th pct, fair < 90th, else loose). Percentiles rank raw values among pitchers active that date. Not shown (row limit): Curveball 7%, Changeup 4%.

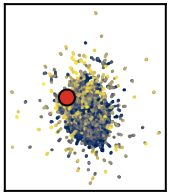

A Four-seam (42%)

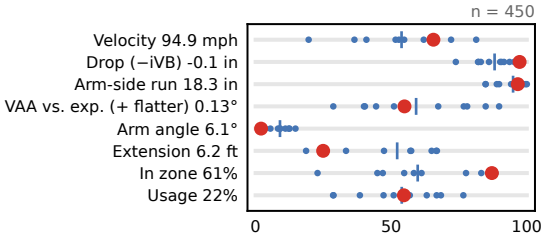

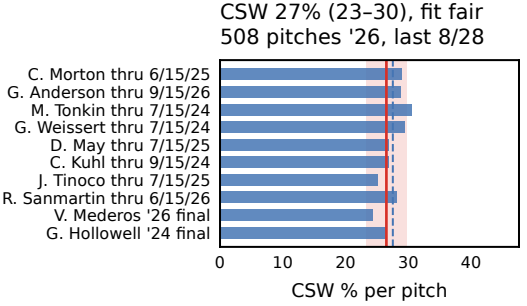

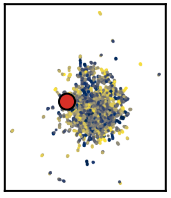

B Sinker (22%)

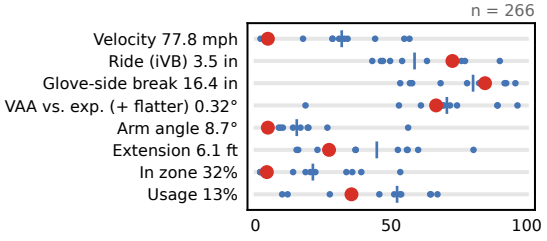

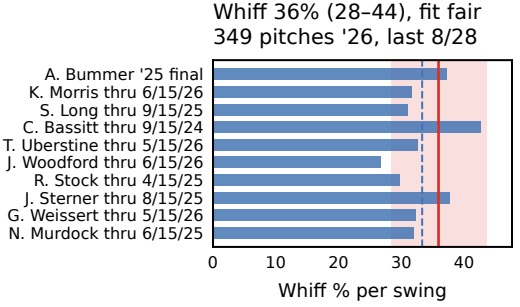

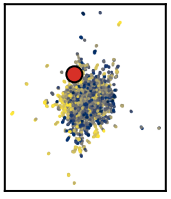

C Sweeper (13%)

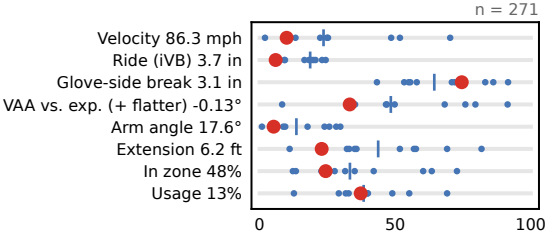

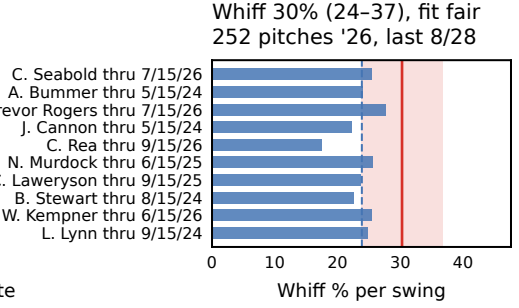

D Cutter (13%)

Percentile among active cutters that date
