a Rarer pitches vs whiffs
Whiff % (decile mean, 95% CI)
Uniqueness (log, rel. to type median)
b Whiff % (pitch type)
Next half, own level removed
Comps-expected Whiff %, half t
RV/100 (pitcher)
Next half, own level removed
Comps-expected RV/100, half t
c What predicts RV/100 (type-only R² 0.10)
usage
intent
shape
derived
consistency
delivery
Cross-validated R²
d What predicts Whiff % (type-only R² 0.36)
intent
usage
derived
shape
delivery
consistency
Block alone (gain over type)
Unique (drop-one loss)
Cross-validated R²
